

METAMAGIC

REACH SPELL

CONCENTRATE, FEAT 1

You can extend the range of your spells. If the next action you use is to Cast a Spell that has a range, increase that spell's range by 30 feet. As is standard for increasing spell ranges, if the spell normally has a range of touch, you extend its range to 30 feet.

Metamagic: Actions with the metamagic trait, usually from metamagic feats, tweak the properties of your spells. You must use a metamagic action directly before Casting the Spell you want to alter. If you use any action (including free actions and reactions) other than Cast a Spell directly after, you waste the benefits of the metamagic action. Any additional effects added by a metamagic action are part of the spell's effect, not of the metamagic action itself.
