

MYTHRIL INGOT

Uncommon**Level 0+**

Mithryl is renowned for its lightness, durability, and effectiveness against a range of creatures including devils and lycanthropes. It has the same sheen as silver but a slightly lighter hue. Mithryl weapons and armor are treated as if they were silver for the purpose of damaging creatures with weakness to silver. A metal item made of mithryl is lighter than one made of iron or steel: the item's Bulk is reduced by 1 (reduced to light Bulk if its normal Bulk is 1, with no effect on an item that normally has light Bulk).
