

LOKY

LUCKLESS DICE

Carved of bone, luckless dice appear to be a set of loaded dice. If unsuccessfully identified as cursed, luckless dice seem to hold a minor enchantment that improves your luck. However, they fuse to you when you use them, cursing you with ill fortune. Luckless dice don't grant a bonus on Games Lore checks. Instead, when you use them to gamble, you roll twice and take the lower result.

Wash your luck ☞: Some practitioners argue this spell literally washes your fortunes of all influences, malign or benign, while others claim it simply cleanses your mind of obsessions about luck and destiny. You adjust your garments, change the posture of your chair, fidget with a religious symbol, or make some other innocuous and personally significant action to wash away bad luck.

Once a day, you can cancel out a fortune or misfortune effect, rolling as normal on that roll.
