

CHRISTMAS STAR OF BETHLEHEM

Rare

Level 4

Magical

A star ornament, once on top a wonderfully decorated tree, shining a pale light.

This star acts like a range extender for spells. As long as the Star is within range of your spell, you may use it as the starting location for the spell and reach further, up to a maximum of twice the original spell range.

This effect can stack with Metamagic such as Reach Spell (for up to 4x the original spell's reach) or with other Stars, chaining them.
