

# QUICK SORT

## TRANSMUTATION

---

**CASTING TIME****COMPONENTS**

M, S, V

**RANGE**

10FT

**DURATION**

UP TO 1 MINUTE

**TARGET**<= 200 OBJECTS

---

You magically sort a group of Light bulk or less objects into neat stacks or piles. You can sort the objects in two different ways. The first option is to separate them into different piles depending on an easily observed factor, such as color or shape. Alternatively, you can sort the objects into ordered stacks depending on a clearly indicated notation, such as a page number, title, or date. The objects sort themselves throughout the duration, though it takes less time per object to sort a smaller number of objects, down to a single round for 30 or fewer objects.

**Heightened 3rd :** The spell can sort up to 400 objects in a minute, or 60 objects in a round.

**Heightened 5th :** The spell can sort up to 800 objects in a minute, or 120 objects in a round.
