A pair of these metal gloves comes with full plate, half plate, and splint armor; they can also be purchased separately and worn with other types of armor. They not only protect your hands but also transform your hands into lethal weapons.

This weapon doesn't take up your hand, usually because it is built into your armor. A free-hand weapon can't be Disarmed. You can use the hand covered by your free-hand weapon to wield other items, perform manipulate actions, and so on. You can't attack with a free-hand weapon if you're wielding anything in that hand or otherwise using that hand. When you're not wielding anything and not otherwise using the hand, you can use abilities that require you to have a hand free as well as those that require you to be wielding a weapon in that hand. Each of your hands can have only one free-hand weapon on it.

Critical Specialization: Brawling: The target must succeed at a Fortitude save against your class DC or be slowed 1 until the end of your next turn.
